Dear KHS Athletes and Parents

Please find attached a copy of the contract between Kennett High School and the Mt. Washington Valley Ski Team, and other forms related to the program. We met with guidance director Ms. Jennifer Murphy, Principal Neil Moylan, and the other guidance counselors recently to review our program and work through contract details so that skier can miss school for training and racing. It is very important that every athlete strive for excellence in his/her studies and communicate weekly with teachers and guidance. This agreement sets out the KHS requirements for participation.

As a member of the team, you will be missing school days to compete or train this upcoming season and you will need to read and sign this contract right away especially if you are going to fall camp. *This is the only way you can legitimately miss school to compete or train.*

It was recommended that parents contact the athlete's guidance counselor and teachers at least biweekly to check on student progress. This can best be done by emailing the counselor and teachers as a group on a weekly or biweekly basis. Athletes must take on personal responsibility to succeed in this program, and parents need to be involved in tracking academic performance. Parent school communication is vital. Edline should be available for everyone this winter, and should be helpful. Watch for news from KHS about Edline.

Please read the agreement carefully, sign and return it to Jennifer Murphy in the Kennett Guidance Office and let us know immediately that you have done so. Should you have any questions please contact the ski team office (356 7627) and/or either Ms. Murphy (Kennett Guidance Department 356-4325, Kennett HS 356 4343).

Sincerely,

Dave Gregory  
Program Director/Head Coach

Bruce Hill  
Chair, Board of Directors  
Mt. Washington Valley Alpine Education Foundation
